

Rizwan Shoukat

Creative UI/UX and Graphic Designer with nearly 4 years of experience delivering user-centered and visually impactful designs. I have worked with brands and international clients from the USA, UK, and Turkey. Skilled in UI design, UX strategy, branding, and marketing creatives, I focus on creating designs that are both aesthetically strong and results-driven.

Work Experience

Aug 2025 - Present · Onsite, Lahore
Vairt.com
Graphics & UI/UX Designer

- I have collaborated closely with the team on various projects, contributing to impactful and creative outcomes. My role involved designing engaging visuals while ensuring seamless teamwork.
- My role involved creating engaging content across different platforms while contributing to the company's branding efforts.

Aug 2024 - Jul 2025 · Onsite, Lahore
BRILZEN (SMC-PVT)
Junior Graphics Designer

- I led the complete design strategy for Techcon Global Organization, independently managing all branding and creative direction. As a Senior Designer, I developed impactful visuals and ensured consistent brand identity across all platforms.
- My role involved overseeing end-to-end design execution while delivering high-quality creative solutions aligned with organizational goals.

May 2023 - Mar 2024 · Onsite, Lahore
Asraderm
Graphics Designer

- I led the complete branding and creative direction for a dermatologist company, independently managing all design operations. I handled full brand development for Turkish skincare brands, including Bioxcin and Gluvit-S, ensuring strong and consistent visual identity.
- My role involved executing end-to-end branding solutions aligned with market standards and brand positioning.
